An on-going series of real life case studies

FlexRFP™ Public Safety Radio Case Study - Using a Reverse Auction to maximize savings

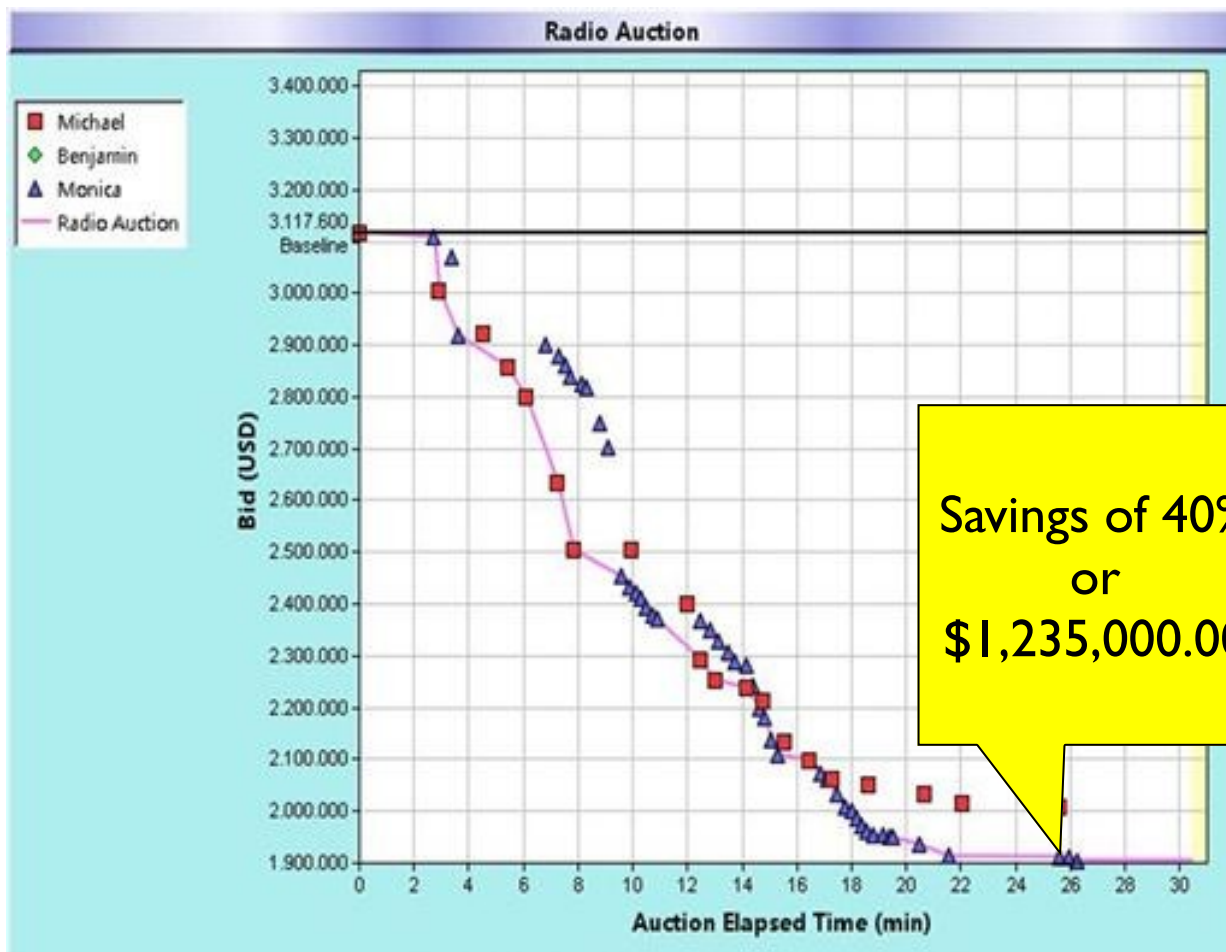

Background:

A medium sized Midwestern city wanted to maximize savings and increase competition for their public safety radio auctions and streamline auction communication. FlexRFP™ with a Reverse Auction was the way to timely savings.

Results:

- Vendors competed for business in real time
- Auction lasted just over 30 minutes
- Fully transparent audit trail
- No IT involvement necessary

Auction Graph:

Note:

- Communication function (like instant messaging) was used in real time, allowing suppliers to ask questions and get answers during the auction.

Our view on eSolutions

Our decades of experience have taught us that companies have unique sourcing needs and processes. With that in mind, we've built a solution that features flexible implementation options that can accommodate the unique needs of our clients. Our solutions generate a real, lasting ROI and are:

1. Flexible and ready to accommodate your current process, rather than dictating it.
2. Easy to learn and use for all buyer users. Your self-sufficiency and confidence are critical to long-term use and ROI. If it is too complex or hard to use, most users will go back to using emails, spreadsheets and Word® documents.
3. Effortless to use – requiring no training for buyers or suppliers. Our solutions are designed to be enjoyable to use – encouraging collaboration between you and your suppliers.
4. Easy to navigate – featuring a clean, uncluttered interface that makes it easy for beginners or advanced users.
