

eSourcing in Action

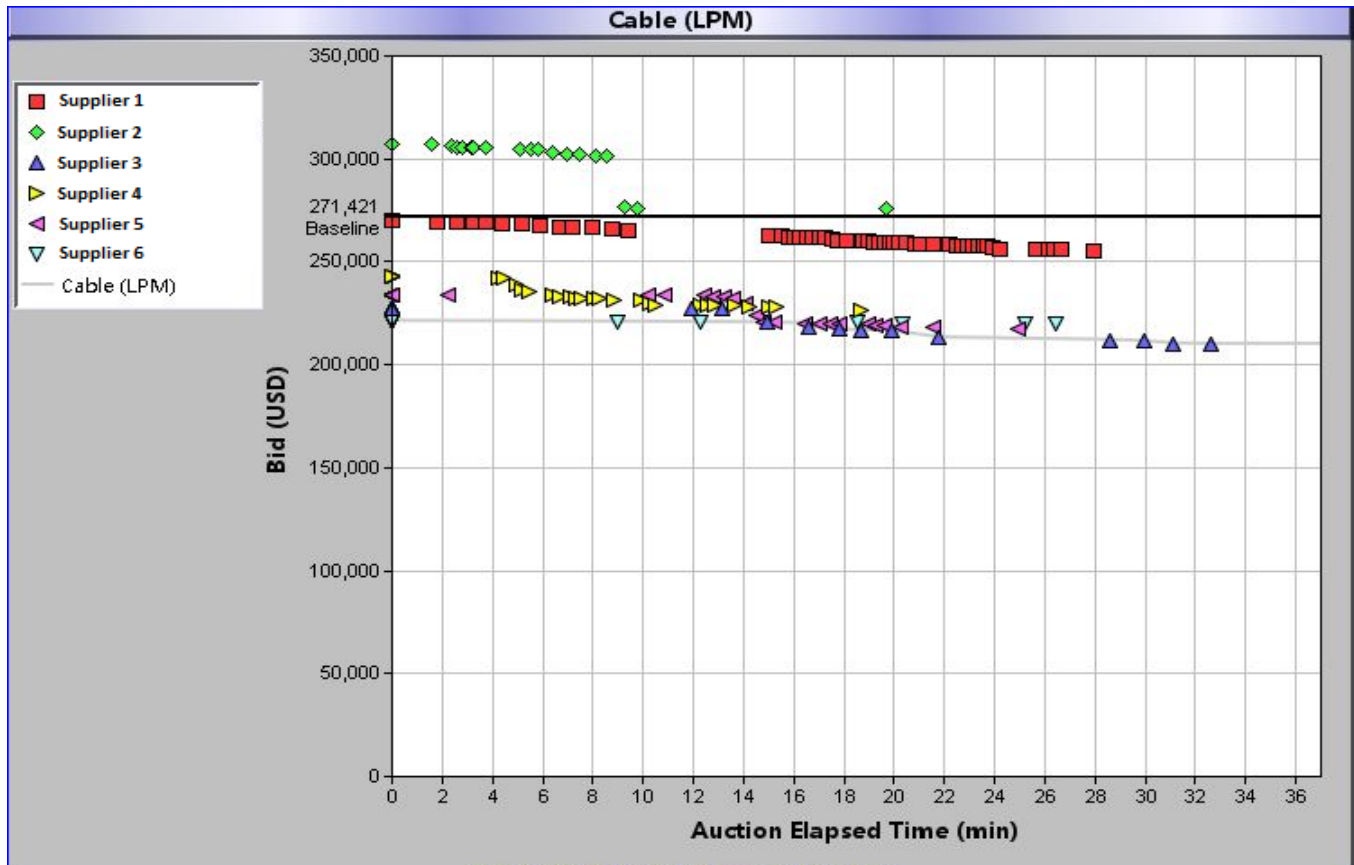

Using EC eSourcing to Streamline & Automate the Impossible

Background:

A manufacturing client wanted to leverage their company-wide spend for wire & cable and consolidate from nine vendors down to two. They were also seeking to significantly reduce pricing, as well as run a reverse auction on a market basket of their largest spend items.

Project Details:

- ◆ Auction was preceded by 150 RFI questions
- ◆ RFP for 100+ line items sent to 9 suppliers
- ◆ Only top 6 suppliers from the RFI & RFP round were invited to the auction
- ◆ Three separate auctions were performed

Summary:

The client saved a total of 30% and they successfully consolidated their supply base from nine suppliers down to two.
